STYLISH, DISCRETE AND DISTINCTIVE

Vertical radiators can add real character to your home. Whether you are choosing an entirely new décor or looking for ways to complement and enhance your existing interior, count on Radson vertical radiators to help you reach the next level.

KOS V TALL, ELEGANT, DESIRABLE

Thermal beauty could stand effortlessly and elegantly on the walls in your home. The Kos V is a vertical work of crafted wonder, available in a range of colours and finishes, including the striking brushed stainless steel.

RAL, metallic and matt
colours upon request.

TINOS MAJESTIC, SLENDER, STRIKING

Clean edges and straight lines. The Tinos is the epitome of design, and the closest we have come to what might be called 'radiant art'. Mounted just 10mm from the wall, the Tinos is an inobtrusive thing of beauty, which can be tailored to meet your unique requirements in size, colour and finish.

PAROS COMPLETELY CURVED COMFORT

The smooth sheen of the front of the Paros continues uninterrupted to the curves on its side. This unique feature makes the Paros irresistible to the touch, and a real talking point for any room in your home. An optional stainless steel towel rail adds further function to this radiator's beautiful design.

PAROS	Type 21: 405, 555, 705, 855 mm
HEIGHT 1800, 1950, 2100 mm	TYPE PAV 11, 21

RAL, metallic and matt
colours upon request.

VERTICAL HORIZONTAL ALTERNATIVE

Sometimes it's an issue of space, sometimes a question of taste, and the Vertical is the answer for all those questions. The same heat output and high quality design. The Vertical is also available with accessories such as a towel rail, adding practicality to its functionality.
